Nikša Frančišković

Electro-Technical Officer · Maritime & Offshore

Available 12/2026 Day rate: **negotiable** Schengen: **EU citizen**

PROFILE

Electro-Technical Officer with tanker, gas and offshore DP2 experience across crude, oil/chemical, LPG/LGC and ROV/OCV platforms. Hands-on with power generation & distribution, automation, high-voltage operational duties, and critical navigation/communication electronics. Consecutive ETO rotations on DP2 *North Sea Enabler*. Strong STCW portfolio including BOSIET+EBS, CA-EBS, High Voltage (Operational), ERM, and ETO CoC (valid to 01/2029).

ME details available in the base offshore CV. Target: offshore DP / OCV / ROV and general maritime ETO roles.

EXPERIENCE

ETO — Offshore DP2 ROV / OCV

North Sea Enabler · North Sea Shipping · 05/2025 – 11/2026 (multiple rotations)

Electrical & electronic systems on DP2 ROV/OCV: power plant and distribution, DP-related interfaces, automation and alarm monitoring, communications/navigation electronics, planned maintenance and fault finding under offshore tempo.

ETO — Tankers & Gas Carriers

ASP Adriatic · Stena Northern Marine · Dorian LPG · Almi Tankers S.A. · 2017 – 2025

Progressed from ETO Assistant to ETO on crude, oil/chemical and LPG/LGC tonnage (up to VLCC-size DWT). Main/auxiliary electrical plant, MAN ME-C familiarity, boiler/IGS automation exposure, cargo-related electrical support, full STCW ETO duties.

EDUCATION

Bachelor's degree — Electronics and Informatics Engineering

Rank training / CoC pathway to Electro-Technical Officer (STCW)
